**WHAT DOES THE LIMITED PARTNERSHIP INVEST IN?**

RESCO First Mortgage Fund LP is an alternative lender that caters to a key market segment, such as entrepreneurs with irregular income, recent immigrants with little or no credit history, divorced couples with bruised credit and borrowers unable to obtain mortgage lending from traditional lenders.

The Limited Partnership invests only in first mortgages secured by marketable residential properties located in major CMA (Census Metropolitan Areas), primarily in Ontario. Mortgage terms are typically 6 to 24 months which minimizes real estate price fluctuation risk, interest rate risk and duration risk.

**MARKET OVERVIEW**

**GTA Home Sales Surge in October Following Bank of Canada Rate Cuts**

Recent data from the Greater Toronto Area (GTA) reveal a significant increase in home sales, with a 14% rise from September on a seasonally adjusted basis.

Typically, reductions in mortgage rates stimulate buyer activity. The Bank of Canada's recent interest rate cuts appear to be breathing new life into the housing market. Following a prolonged period of subdued activity, the uptick in sales suggests that prospective buyers are now taking advantage of lower borrowing costs after months of hesitation.

Financial experts anticipate the Bank of Canada will reduce interest rates by an additional 100 basis points by mid-2025, a move expected to further invigorate the real estate market.
